# Dan (Dano) Colombo - MSCIS, SAA, DVA, CLF, CSM

Federated Architect, Engineer & Developer  
Columbus, Georgia, United States

## Summary

A successful software manager, engineer and leader. Working with strategic development within an IT organization focused on banking and health care initiatives. Using 25+ years of experience to lead veterans as well as novice teams to delivery high quality solutions, on schedule, within budget; leaving a supportable, maintainable solution with repeatable processes to transition to production support.

Recent involvement in modernizing legacy systems to cloud, utilizing latest AWS services and producing variety of micro-services.

The desire is to continue to work on the leading edge of opportunities, taking leaders dreams and business needs and bringing them to reality!

Specialties: developing and leading world-wide teams. The pursuit of excellence in CPI is achievable if we continue to remember it daily.  
"This might not be the only time you do this".
